The Level 1 and 2 courses for Prime Tuning have made me more aware of myself and how I perceive myself with my reasoning mind (often very different things!). It has been wonderful to learn the art of muscle testing which can be applied in every aspect of my life. I feel I can be a better person and Elaine's course made way for that to happen. To meet a group of wonderful people in a non-judgmental atmosphere is truly special. I cannot thank you all enough.

Much Love.

I knew this course was going to be a huge experience for me from the moment I decided to do it. I couldn't wait to learn Prime Tuning of Cells and my energy has been buzzing throughout the course. It has without a doubt been the most profound healing course I've ever done. It's simple, proven, supportive on every level and an absolute delight to practice. Thank you so much Elaine, Sue, Kellianne and all the lovely "support crew" for a divine 4 days. I'm truly grateful.

Love and thanks

Thank you and blessings to Elaine, Sue and Kellianne.

What a privilege to meet with such a beautiful group of light.

I found the Level 1 and Level 2 good comprehensive material to work with. The patience to lead us through the balances.

The connectedness with fellow students as we shared and balanced each other was profound.

I found the Prime Tuning of Cells a gift to the universe, without secret codes, dogma but comes with a clarity of Light.

Thank you dear ones, and May God's Light guide you on your path.

Blessings of Abundance and Love

Diana

My Experiences Prime Tuning of the Cells

- To learn from Elaine her beautiful healing of the body/mind for myself, family, friends and clients. For me it is a wonderful aspect for me to listen and learn from the beautiful human being that she is.
- Many thanks to Sue for her sharing. Many thanks to Kellianne for her support and sharing.

I have experienced a new healing on many levels all filled with Love, Joy and Wisdom. The Simplicity has overwhelmed me as the high levels of clearing all that no longer serves me in a positive way to find ME.

My connection with my SPIRIT.

Gratitude, Love and Light to All.

I came in today feeling unwell, Bilious, a condition I have not had since childhood. A knowing something was clearing with no judgement.

As Elaine worked me I heard words and numbers that went deep inside. My body struggled and vibrated, my eyes leaked. I waited for an explanation of emotion. All of a sudden my body relaxed and I felt a physical change and deep relaxation, peace, bliss.

The bilious feeling had gone and I felt a type of mental fatigue. I'd been holding onto old pain for about 60 years so no wonder.

Thank you Elaine and to all those who brought me here. Gratitude and Blessings.

Hearing Sue in a talk on Prime Cell Tuning through the Energetic Healing Association sparked an interest in this technique. I followed this up with a profound Prime Cell Tuning Balance with Sue shortly after. It seemed such a simple process that had placed me into a deep space of quiet for several days afterwards. In the next week or two I brought my husband for a treatment, experienced the crystal healing bed and went to hear Elaine talk. My interest and faith(?) increased and later that week I signed up for levels 1 and 2. This course has been everything and more that I had hoped for. I keep coming back to the simplicity, the profound wisdom and the gratitude I feel for all those assisting Elaine in her bringing this very real 'true' work forward. Thank you.
