

PRIME TUNING OF CELLS

Seminar - Presented by Elaine Croker

15th July 2009, 7pm – 9pm

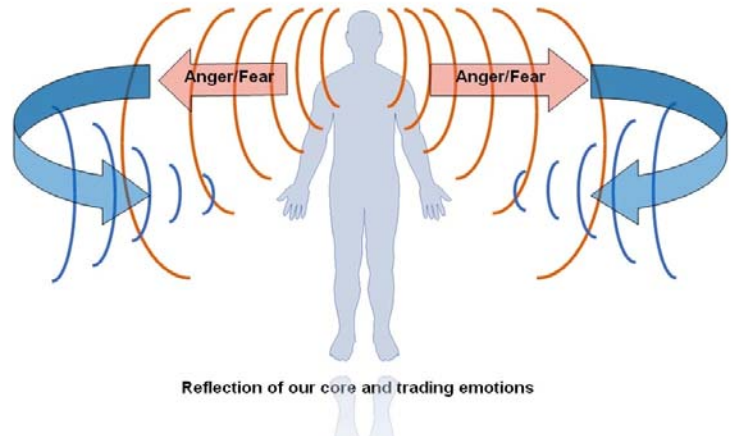

Elaine Croker, author of 'Talk to Your Cells', discovered in the early 1990's that our cells were intelligent. She has dedicated her life to the development and practice of a healing system called Prime Tuning that has transformed lives.

Are you interested in health and wellbeing through natural therapy? Are you an existing alternate therapy practitioner and looking to expand your repertoire of skills? Learn more about the cellular healing technique that both practitioners

and individuals are enjoying great results with. Learning PTC (prime tuning of cells) is for everyone from all walks of life. Some outcomes observed by those who have applied the Prime Tuning of Cells process are:

- Increased energy
- Pain relief
- Health Problems alleviated
- Clarity in career paths
- Opening of gifts and talents
- Releasing painful memories
- Clearing of business problems
- Improved relationships

Prime Tuning of Cells is at the forefront of "Energetic Healing". A powerful tool which works with the Laws of Attraction, you will learn how to muscle test (basic kinesiology) and balance your Energy Field to be in tune with what you want. Elaine is a genuine, gifted Healer, who loves to pass on her healing wisdom to all in her class. The method is simple to learn and easy to apply. Create the energetic foundations and attractor fields for your life with Prime Tuning of Cells.

Simple and easy – powerful and effective.
