offers to them, the gift of their presence,
their Heart's Love
that the work that is needed, be done, on Earth now.*

of the Radiant Heart Light within you,
as we together travel the dimensions
into Ancient Elven Wisdom, Peace and Love.*

Itinerary

Tuesday 12th October

Arrive at Kahului Airport, Maui, before midday. Flights currently run from \$83 and up for one leg from Honolulu Airport (Oahu) to Kahului Airport on Maui. Airlines which do this trip are Hawaiian Air, Aloha Airlines, Go! Mokulele (Canada Air)...of course the sooner you book, the cheaper the flight :)

My flights are: depart Honolulu on 12th at 9.40 am, arrive 10.17 am with Hawaiian Air (HA520); leave Maui Kahului Airport on 12th at 1.46 pm, arrive 2.20 pm Honolulu (HA165).

We will pick up our hire car (minivan/cars) at noon and drive the short distance to upcountry Maui (dependent on final accommodation choice and availability at time of booking).

Lunch at one of the picturesque historic local towns;

Explore local area with its arts and crafts galleries, before check in after 3 pm; at leisure for the rest of the afternoon.

Group early dinner out in one of the towns before an early night - we are up very early the next morning :)

Wednesday 13th October

Up well before dawn to drive to the summit of the Haleakala Crater, to observe the dawn from the House of the Sun - it is very high, and very cold at dawn, possibly close to freezing, so do bring very warm clothing to wear for this incredibly special experience.

Today is for Ceremony at Haleakala...that which I have been guided to do, and that which has been the impetus for arranging this entire trip: to create Ceremony here, that awakens and activates the Elven Light within ourselves and in Humanity in general.

We will be creating a weave that serves to support and energise those of Elven origin on Earth now, in readiness for the Great Shift in Consciousness, in service to Gaia and to Mother Earth. The Ceremony will take place as the sun rises above the horizon, bringing the new Dawn Light to the Earth, in all of its Sacredness and fullest potentials, on this day of 5 energy in the Lemurian numerology, which is the vibration of Love ($1+3=4$ $+1+0 = 5$).

We will also activate some of the frequencies delivered to the Earth arena by the September 21/22 Solstice in this process, anchoring it deep into Gaia's core via the Haleakala Crater.

Exploring more of the Haleakala National Park; possible hike along the crater floor, feeling the gifts of the Light we have placed there and the energy of Haleakala herself...looking at the famous Silver Sword plants - they take 23 years to reach a large size that supports blooming and seed production (May-June), then they die...the large living plants however, are very beautiful in this environment so inhospitable to the plant kingdom :)

Brunch in one of the eateries in the towns on the way down the mountain or possibly the town where we are staying; back to our accommodation to journal, to rest/at leisure for the afternoon.

Group dinner out at a mutually agreeable location; sharing of stories from the day, and transmission of Healing energies from the Elven and Spirit realms by Takeli to close this special day.

Thursday 14th October

10 am start to head over to West Maui; pick up/eat lunch at Wailuku, then on to the sacred 'Iao Valley, the place of waterfalls flowing down the high clefts in the mountains on either side of the valley. Rich in ancient Hawaiian history, it is a short steep walk to the lookout for

the Eye of the Needle, a 1,200 foot pinnacle of green clad lava (bring waterproof clothing or cover, it rains a lot here).
Dinner and evening at leisure.

Friday, 15th October

Optional second dawn excursion to Haleakala, returning to the Inn to check out by 11 am.

Drive to Hana on the eastern side of the island. This drive takes about 2.5 hours without stops...it is extremely picturesque :) Shopping on the way for food supplies.

A relaxing night in our new accommodation. Group dinner arrangement in the cottages (preparation and eating); we are self catering most/all of the time as there are kitchens in the cottages; eating out at local eateries is a bit limited for dinner especially.

Saturday 16th October

Today we visit the Wai'anapanapa State Park, a short drive away, to spend some time at the black sand beach, formed when molten lava meets the cool ocean waters and shatters into tiny pieces, forming crystalline black sand. Bathe in the healing ocean waters as we experience the crystalline energy...earlier in the day is better before it gets too warm on the black sand :)

Return to Hana; at leisure for the remainder of the day.

Dinner as group event in one of the cottages.

Evening with my Elven Guides, Uriaté and Iliaté (Oo-Ri-Ah-Tay and Il-Ee-Ah-Tay), to receive the gifts of their Love and wisdom.

Sunday, 17th October

Drive a short distance to the Kapahulu Valley National Park which is the furthest part of the Haleakala National Park, and is the location of the Seven Sacred Pools of Oheo - a natural staircase of waterfalls as the Oheo Stream meets the sea. We will do this in the morning before others arrive, with a short walk along a trail to the series of pools.

Optional drive a short distance further on along the scenic Pi'ilani Highway to Kipahulu Point Park.

Return to Hana for R&R :)

Group dinner arrangement or in own accommodation.

Monday, 18th October

Drive to the Kahanu Gardens, a beautiful botanical garden north of Hana.

From there we may visit the Helele'ike'oha Falls / Blue Pool waterfall, depending on conditions - it needs rain to flow :) Also known as the Blue Angel Falls, the water cascades 100 feet off the fern-covered lava cliffs into the Blue Pool on the beach a few steps from the ocean.

On our return towards the Gardens, we will visit the Pi'ilanihale Heiau, one of several on the island that were used to celebrate war during part of their history...we will bring to this place the Light of the Elven...bringing Peace, Harmony and Love through our presence there. This Heiau or ancient temple site is the largest in all the Hawaiian Islands.

Return to Hana; at leisure for the rest of the day.

Group dinner arrangement;

Evening Session with my Elven Guides, Uriaté and Iliaté in the cottage to complete this special tour.

Tuesday, 19th October

Check out of Hana accommodation; drive back to Kuhului Airport (min 2.5 hours); car return by noon....please organise your flight to be from 12.30 pm onwards :)

Accommodation* - 12th to 15th October

Accommodation options on this part of the tour are advantageous to be as close to Haleakala as possible...I have chosen B&Bs which provide a continental breakfast of pastries and fresh fruit etc. I favour the **Hale Hookipa Inn at Makawao** - <http://maui-bed-and-breakfast.com>

The two room **Kona suite** can only be booked if I also book the Jasmine room....

Jasmine Room has a queen bed and a day bed in the same room at \$147.50 (incl tax of 13.42%), which split between two would be \$73.75 per person for three nights = \$221.25

The **Kona Suite** at \$209.85 incl tax has a queen bed in the bedroom and two queen futon sofas in the living room, which would be \$105 per room so for 3 nights in the bedroom = \$315 or \$157.50 per person twin share for 3 nights.

Hibiscus room not available at time of writing

Rose room at \$164.50 incl tax also has one queen bed - availability to be confirmed....3 nights = \$493.40

The Hookipa Inn is in close proximity to the Haleakala National Park, which is a good thing so early in the morning :) It also seems to have friendly management and good facilities.

The next best choice is the **Plantation Inn at Haiku**, nearer the coast - <http://www.haikuleana.net/haikuplantationhome.html> which currently has 3 rooms available... They are second on the list because they are further from Haleakala and also have some additional charges...for adding twin beds to a room; and a cleaning fee of \$25 per room etc, so the website rates are not the true situation.

Rooms are:

Maui Suite at \$137.30 has Queen bed + single bed (rate includes 13.42% tax plus \$25 cleaning fee), so even split is \$68.65 per bed, for 3 nights = \$205.95

Aloha Suite at \$160 (rate includes 13.42% tax plus \$25 cleaning fee) has either a king bed and a single twin bed or two twin beds, so split is \$80 for an even split or \$240 for 3 nights

Plumeria Suite at \$182.65 (rate includes 13.42% tax plus \$25 cleaning fee) has a queen bedroom plus a sofa queen bed in **Ohana room**, plus may have a single twin as well... so for each room it is \$91.33 by 3 nights is \$274 per room (excluding the additional single twin bed), which would probably go into the queen bedroom.

Plus there is a small charge for moving the beds around...

Other possibilities in the Haleakala area are more expensive thus far; information available on request. I will book rooms when I have other committed participants and have received their initial payment - sorry, I don't have the resources to prebook and to pay if no-one rebooks a cancelled room within 30 days prior to the booking at that place :)

Accommodation - 15th - 19th October

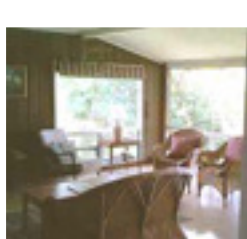

For this part of the trip, I have chosen to reserve the **Tradewinds Cottage** at Hana, a beautiful 2 bedroom house that has a queen bed in one bedroom and twins in the other, as well as a queen sleeper sofa in the living area. You can find it at <http://www.hanamauirentals.com/cottage.php> :

The rate for the cottage is \$175 for two occupants plus \$25 per two additional occupants plus tax comes to \$255.12 in total per night; or \$85.00 per room or \$42.53 per person in the twin bedroom; for four nights it is \$170.13 and \$340 for the queen beds over 4 nights.

Another company has a group of several cottages, most of them with 2 bedrooms...there are two that are currently available, which means accommodation for another 5 people with one to a bed. These choices offer excellent value for money, privacy, and a lovely place to stay with the ocean down the cliff.

One of the two cottages is the Hala Popolana, <http://hanamauitravel.com/halepopolana/index.html>;

The **Hala Popolana** at \$147.50 (incl tax) has a king bedroom at \$73.50 per night (\$294 for 4 nights) and a twin bedroom is available at \$36.75 per person/bed (includes tax of 13.42%) per night; for 4 nights that comes to \$147 per person twin share.

The **Hana Hala Bay Cottage** at \$124.76 incl tax has two beds available at \$62.40 each per night (queen in bedroom, double bed in sleeping area off living room, ensuite bathroom accessed via queen bedroom); for 4 nights that is \$249.52 per bed. Background to the Tour:

It is my pleasure and delight to have this opportunity to share with you a journey of opening the Heart Light in the Love of the Elven weave, on the beautiful Valley Isle paradise that is Maui.

I have felt a strong pull to create a Ceremony of Light and Healing for Gaia and Mother Earth on the summit known as Haleakala on Maui, a very sacred mountain to both the Elven and Lemurian Lights, for it was here that I, in the form of The Chancellor of Lemuria, offered to the Lemurian peoples the knowing of what was to be for their journey from that time onward, some 50,000 years ago. At this time on the Earth plane, I also experienced myself in the Elven Goddess Light. When I spoke with Master Guide Kirael through his medium recently, he told me that the Elven energy was present on the western slopes of Haleakala at the time of the ending of the Lemurian journey: we shall create a Ceremony there, that opens the pathways of Healing and Love for all who carry these frequencies on Earth at this time, in readiness for the Shift in Consciousness.

The Elven are an ancient race of great wisdom, who may choose to travel the dimensions with ease, and who live in a way that is so powerfully of Love and Honouring of all life, from the smallest particle to the most comprehensive understanding of all reality, that they are often chosen to bring Love to times of great transition and change by the Creator's Light. They are great students and teachers, ever exploring all that may be found in their chosen pattern, that they may be of maximum service when their gifts are called forth by the Creator.

At this time of immense change on Earth, they are here, seemingly in the guise of Human, of which they are also part, to awaken into their knowing of themselves as Elven. This requires of them to understand and to heal their Human journey, that the Truth of their inner wisdom merges into their consciousness. Similarly, the Goddess weave appears at times of transition into a new consciousness to facilitate the knowing of Love, and in service to Mother Earth.

I am awakening more and more to this knowing of myself that has always been there, covered over by third dimensional interpretations of my life.. As I continue to work with and bring forth my Elven Guides, Uriaté and Iliaté (Oo-Ri-Ah-Tay and Il-Ee-Ah-Tay), more and more of the wisdom and great Love of this ancient culture comes forth within me and through me.

This journey into your Elvenness has woven within it a series of Ceremonies and visits to beautiful locations on Maui, as well as times of connection to Spirit, awakening you to the Love of your Elven Light, whether you are new to it or strengthening your inner knowing of it. And for those who have no recognition of themselves as Elven, if this journey is attracting you to it, then it is perfect for you as well; the reasons are not always understood in the moment :)

In the Elven weave always will there be found a strength of Love for the planetary Being that is Mother Earth, and the four foundational elements, being Earth, Air, Water, and Fire. We journey in service to Mother Earth and the part of her that is Gaia, Goddess of the element of Earth in this process, as we together create in Ceremony the gifts that we may offer to her. We shall co-create with Goddess Mariia/the Mary energies of the element of Air, as we appreciate the gifts of cooling

breezes on warm sunny days, and the capacity for winds of change to blow through your own life, that you emerge renewed in the Light of Love throughout this journey.

We shall use the gift of water as a means of releasing old ways of Being that no longer serve, in the swims and immersions in the plentiful warm tropical waters of Maui, guided by the Elven world, in close connection with the Goddess Isis.

Mt Haleakala is a sacred place of immense significance, as well as being a dormant volcano, and the Light of Madam Pelé, the Goddess of Fire will also assist and serve you each day of this journey, as you commit to the awakening of your Elven Wisdom, and the depth of knowingness of yourself in the Heart Light of Love.

I am truly Honoured to be of service to you, in creating a wonderful process of experiences to activate and facilitate your awakened potentials, as well as times of relaxation and opportunities to indulge ...so much to EnJoy :)
